

About Us

Innovative Creations is a family owned business that was started in 2011. Our business started with a small quilting shop and has since expanded. We make custom quilts based on your design specifications or color schemes. Quilts can be made from t-shirts, baby clothing and other clothing items. Memory quilts are often created from the clothing of a loved one to memorialize a loved one who has passed.

We offer quilting services for pre-made quilt tops. With the use of a programmable long-arm quilting machine, your quilt can be stitched with custom designs that compliment the pattern or personality of you or the quilt.

Innovative Creations also specialize in digitizing and custom embroidery. We can help you come up with a design or logo idea or we can turn your design idea into an embroidery pattern. Design layouts can be created for anything from names on shirts to large patches especially designed for jackets and vests.

Embroidery can be done on hats, shirts, jackets, bags and many other items. Apparel items can be ordered from us through our distributor by visiting yourapparelsource.com/icce/.

We are a company that prides itself on providing you, our customer, with quality products at a competitive price. We truly believe quality and a reasonable price can co-exist today. Quilts

Quilts come in many shapes and sizes. They are no longer only a bed covering like the ones your grandmother had on the beds in her home to provide warmth. Quilts have progressed with the times and are now used for home decor, nurseries, lap quilts, couch throws or the more traditional bedspread.

- Traditional Quilts - Traditional quilts are similar to those you picture using as a bed spread or comforter. They are designed using traditional block patterns that have evolved through the years. The colors can be created to make these treasures fit your personality.
- Baby Quilts - Baby quilts can be used as crib decor, nursery decoration or sized to be used with a car seat, stroller or swing. These quilts can be customized to fit a color scheme or nursery theme.
- Memory Quilts - Memory quilts are designed using items that bring back memories from a loved one who has passed or moved away. These items can be clothing items, handkerchiefs, outerwear, ties or just about any fabric items that has special meaning. Memory quilts can range from a small wall hanging to a full sized bed quilt.
- T-Shirt Quilts - T-shirts quilts are made from that drawer full of favorite t-shirts that you can't stand to part with. The shirts are designed into the quilt that will keep your special memories safe and can be displayed in a usable form. T-shirt quilts can be made from your child's uniform shirts from their years in sports or activities.

Quilting Services

Quilting services are offered to anyone who owns a quilt top and just needs the resource to finish their quilt. Quilting services are often very expensive and keep many people from finishing their projects. We keep these services affordable so these partially completed quilts can be finished. Along with affordability we can customize the stitching on your quilt to compliment the design or fit a particular personality.
